ROSEWOOD MACHINE AND TOOL CO.

MISSION STATEMENT

Providing the highest quality product to our customer with pride, honesty and cooperation, pursuing excellence, striving to be the best in the industry.

QUALITY OBJECTIVES

- Continue ongoing reduction of scrap and rework lost time by 2% per year
- Improve on time delivery by 2% each year to achieve 98% or better
- **ZERO** reported work accidents each year by maintaining a safe work environment

QMSF-1028 Procedure:

Distribution of the QMSP-1011 Quality Objective Card:

- a) Each associate will receive their own Quality Objective Card
 - a. Replacement or updated Quality Objective Cards will be given out each year, at which point the previous card will be disposed of.

Requirements:

- b) The associate is required to store the Quality Objective Card somewhere accessible for review as needed.
 - a. It is the associate’s responsibility to fully understand the Quality Objectives and to participate with the on-going Quality Objective goals. Additional training may be required if requested by the associate.

Quality Objectives and related information can be found in the Rosewood Machine and Tool Co. Quality Manual section 5.2 Policy

- c) The quality policy will:
 - a. Be available and be maintained as documented information per section 5.2.2 of the Quality Manual
 - b. Be communicated, understood and applied within the organization: The quality policy is communicated by being posted on the quality bulletin board. It is understood and applied due to employees being questioned about the quality policy at every internal audit.
